Legal & Ethical Issues Workshop Objectives

What are the Goals of this Workshop for Providers?

Stimulating ethical sensitivity: This involves helping students increase their awareness of the complex and various ethical issues that may confront them as professionals.

Improving ethical reasoning: Improving students’ ethical reasoning involves strengthening their ability to move beyond a sense of “moral intuition” and helping them acquire the critical thinking tools to be able to competently analyze and judge ethical problems.

Developing ethical responsiveness: Developing participants’ responsiveness involves helping to make and justify ethical decisions about specific cases called ethical dilemmas. It also involves helping participants better understand “the responsibilities of professionals involved in making ethical decisions”.

Coping with ethical ambiguity: Developing attitudes and skills for coping with ethical ambiguity involves “introducing participants to the true ambiguity that often surrounds ethical choices” including the fact that acting ethically can be painful, difficult, and frustrating.

WORKSHOP OBJECTIVES

1. Workshop participants will be able to differentiate the major elements necessary for informed consent according to the NJ LCADC/CADC licensure regulations.

2. Workshop participants will be able to identify two changes to NJ Duty to Warn statute that were implemented in 2018.

3. Workshop participants will be able to list the three component parts to the definition of imminent danger.

4. Workshop participants will be able to identify three distinctions between 42-CFR-Part2 confidentiality exceptions and NJ HIV confidentiality exceptions.

5. Workshop participants will be able to list and describe four different common areas of ethical complaints against counselors.

6. Workshop participants will be able to identify at least two different theories of ethical decision making.

Feedback from previous workshop participants

“One of the best informational workshops I have ever attended! Fantastic!”

“The presenter was awesome! I would love to have him do all my CEU trainings!”

Satisfies the Ethics requirements of both LCSWs and LPCs. Also satisfies the 3 hour Legal Standards requirement for LCADCs!

New Jersey requires that mental health licensures (LCSW and LPC) require 5 hours in ethics training every two year cycle, and this course meets that need and is approved by both the ASWB and the NBCC. LCADcs/CADCs will not need 3 hours of legal aspects training until the 2022-2024 continuing education cycle, but it’s still good to have training in this area anyway!

ABOUT THE PRESENTER: Glenn Duncan LPC, LCADC, CCS, ACS has been working in the behavioral healthcare field for twenty seven years. He has lectured nationally on many topics including clinical supervision. He is a Licensed Professional Counselor, a Licensed Clinical Alcohol/Drug Counselor, a Certified Clinical Supervisor, and an Approved Clinical Supervisor. For 15 years, Glenn served as the Executive Director of Hunterdon Drug Awareness Program, Inc. As Executive Director, Glenn continued to hold a clinical caseload and perform clinical services in addition to his other administrative duties. Glenn specializes in working with clients who have co-occurring substance use disorders, depressive disorders, and anxiety disorders. Glenn served as an expert panel member for a SAMHSA TIPS book on treating sub-acute anxiety in the substance using population.

Since 1999, Glenn has been teaching on many courses including a 45 hour clinical supervision workshop series, Emerging Drugs of Abuse, and The ASAM 3 Criteria. Glenn teaches nationally and is currently a trainer for the Change Companies (the folks who publish the ASAM 3 Criteria Book). Glenn authored a chapter on the use of live supervision in a community treatment organization for the book entitled "The Use of Technology in Clinical Supervision and Training: Mental Health Applications," (2016). Glenn has been teaching this course in NJ and MI since 2017. Glenn’s NJ LPC License #: 37PC00095000. Glenn’s NJ LPC License #: 37PC00095000. Advanced Counselor Training, LLC has been approved by NBCC as an Approved Continuing Education Provider (ACEP #6532). Programs that do not qualify for NBCC credit are clearly identified. Advanced Counselor Training is solely responsible for all aspects of the program.

This interactive workshop focuses on the major elements of legal and ethical issues surrounding counselors in working with patients who have substance use disorders. In this workshop, participants will learn about the different areas of legal and ethical concern for today’s counselors working with clients who have both mental health and substance use issues. Legal areas include scope of clinical practice, malpractice, duty to warn, direct and vicarious liability, informed consent, confidentiality, and working within the parameters of ADA. Ethical areas covered include workplace harassment, dual relationships, ethical decision making and common ethical issues reported by counselors. Differences in certain standards by different mental health and substance use professions will be discussed. Teaching methods include lecture, interactive exercises and group participation/discussion.
