3 6-hour Clinical Supervision

MODELS HOME STUDY OBJECTIVES

1. Participants will be able to define clinical supervision and understanding the component parts that comprise the essence of good clinical supervision.
2. Participants will understand differing techniques in clinical supervision such as group supervision, and individual supervisory techniques including self-report, audio and video taping and live supervision.
3. Participants will be able to label and identify the component parts that comprise 5 models of clinical supervision, including the Integrated Developmental Model, Systems Model, Discrimination Model, the Blended Model of supervision, and Competency Based Model of Supervision.
4. Participants will understand different roles and issues involved in the supervisory relationship such as trust, recovery status of counselor and supervisor, the role of power, and the working alliance, supervisee burnout, professional development and evaluation.
5. Participants will have a basic understanding of online therapy and online supervision.

ETHICS HOME STUDY OBJECTIVES

1. This distance learning course focuses on the major elements of legal and ethical issues surrounding Clinical Supervisors in behavioral health settings.
2. Included are legal parameters of the NBCC along with legal parameters for professional counselors' licensure regulations from the Division of Consumer Affairs.
3. In this workshop, participants will also learn about the different areas of legal and ethical concern for today's clinical supervisors.
4. Legal areas include duty to warn, direct and vicarious liability, informed consent, confidentiality, and the ADA.
5. Ethical areas covered include workplace harassment, dual relationships, and clinical supervision ethical standards.

Home Study Courses

TELEHEALTH AND VIRTUAL SUPERVISION HOME STUDY COURSE OBJECTIVES (NEW FOR 2023!)

1. Participants will be able to understand the major elements of the ever changing landscape that technology represents to the counseling profession.
2. Participants will be able to define the ethical parameters regarding technology as presented by the American Counseling Association.
3. Participants will also learn about the different areas of technology and social media that supervisors should be talking about with their supervisees.
4. Participants will be able to craft their own social media policy that supervisors can use in their practice.
5. Participants will be able to identify at least three areas of ethical considerations when using telehealth and virtual supervision.
6. Participants will be able to identify three emerging technologies in the mental health field.

Current Models, Methods, Roles and Functions in Clinical Supervision

Ethical Issues and Legal Standards in Clinical Supervision

Clinical Supervision: Telehealth, Virtual Supervision and other Technology Issues

ABOUT THE AUTHOR: **Glenn Duncan LPC, LCADC, CCS, ACS** has been working in the behavioral healthcare field for thirty years. He has lectured nationally on many topics including clinical supervision. He is a Licensed Professional Counselor, a Licensed Clinical Alcohol/Drug Counselor, a Certified Clinical Supervisor, and an Approved Clinical Supervisor. For 15 years, Glenn served as the Executive Director of Hunterdon Drug Awareness Program, Inc. As Executive Director, Glenn continued to hold a clinical caseload and perform clinical services in addition to his other administrative duties. Glenn specializes in working with clients who have co-occurring substance use disorders, depressive disorders, and anxiety disorders. Glenn served as an expert panel member for a SAMHSA TIPS book on treating sub-acute anxiety in the substance using population. In December of 2021 Glenn was approved by the NJ-ADC committee to provide both the 3-hour and 6-hour legal standards training, and he is currently certified by the NJ Certification Board as an approved mandatory legal class trainer; certification #: 003.

Glenn teaches nationally and is currently a trainer for the Change Companies (the folks who publish the ASAM 3 Criteria Book). Glenn authored a chapter on the use of live supervision in a community treatment organization for the book entitled “*The Use of Technology in Clinical Supervision and Training: Mental Health Applications,*” (2016). Glenn’s NJ LPC License #: 37PC00095000. **Advanced Counselor Training, LLC has been approved by NBCC as an Approved Continuing Education Provider (ACEP #6532). Programs that do not qualify for NBCC credit are clearly identified. Advanced Counselor Training is solely responsible for all aspects of the program.**

NBCC approved home study courses with a newly updated home study course on telehealth and virtual supervision. Some licensure states require approved supervisors to receive training in virtual supervision in order to provide virtual supervision.
