### Who needs it and why get the Certified Professional Clinical Supervisor Credential?

According to the GA Composite Board Rules an LPC who can be considered a qualified supervisor for Licensed Associate Professional Counselor (LAPC) will change starting **October 1, 2018**. According to GA board rules 135-5-.01 and 135-5-5-.02 **"as of October 1, 2018 a supervisor who is a Professional Counselor must hold either a National Board of Certified Counselors (NBCC) Approved Clinical Supervisor credential or a Licensed Professional Counselors Association of Georgia (LPCAGA) Certified Professional Counselor Supervisor credential (CPCS)."**

In April, 2023 the LPCA increased the number of required contact hours for the CPCS from 24 to 30 contact hours. This workshop series has been approved by the LPCA to meet those 30 contact hours of required clinical supervision. This workshop series also meets 30 of the 45 required hours for the national ACS (Approved Clinical Supervisor) certification.
