Emerging Drugs of Abuse Objectives

Feedback from previous workshop participants

"I've never stated I wanted to have a workshop last longer until attending this workshop on Emerging Drugs of Abuse. Glenn made this both interesting and informative throughout."

"This was a very relevant and timely course. The instructor was able to use his enthusiasm and humor to keep this course going well."

WORKSHOP OBJECTIVES

WORKSHOP PARTICIPANTS WILL BE ABLE TO:

1. Differentiate the major elements the Federal Government uses when classifying drugs from schedule 1 through schedule 5.
2. Workshop participants will be able to identify three different energy drinks w/alcohol & their side effects.
3. Identify at least two differences (in terms of negative effects) that occur with the ingestion of synthetic cannabinoids.
4. Identify which class of drugs synthetic cannabinoids & bath salts (synthetic cathinones) are classified under in the current version of the Diagnostic and Statistical Manual of Mental Disorders.
5. Differentiate differences that drugs of abuse such as Adderall, Oxycodone and Suboxone are classified under in the current version of the Diagnostic and Statistical Manual of Mental Disorders.
6. Workshop participants will be able to list three negative side effects of each drug listed in this lecture.
7. List and describe two different best practice therapy approaches regarding counseling clients who are abusing these emerging substances of abuse.
8. Verbalize current legal issues both locally and nationally as they relate to using these emerging substances of abuse.
9. List and identify three street names and at least one route of administration of the research chemicals covered in this lecture.

Emerging Drugs and Current Trends

What are Emerging Drugs of Abuse?

Since the early 2000's different research chemicals have been used by the drug using community. This workshop covers many of the major emerging drugs that are being abused by clients. These drugs include: synthetic cannabis, synthetic cathinones (Bath Salts), new strains of synthetic opoiods, kratom, salvia, detramethorphan, and many more. Also discussed will be drugs of abuse that are currently trending with our client population.

This workshop will cover all these changes, and much more! From the history of legalization and our current scheduling system, to the current research on the risks/ benefits of consuming these drugs will be discussed.

New Rule Adoption for NJ LPCs, LACs, LCSWs, LSWs, LMFTs & LAMFTs (1 Hour Opioid Education)

New Jersey recently passed a Rule Adoption that requires all LPCs, LACs, LCSWs, LSWs, and LMFTs to receive 1 hour of continuing education on opioid use disorders (treatment, assessment and diagnosing, the societal problem impact). **This course meets that continuing education requirement!** This course covers the history of prohibition, differentiation of opiates and opioids, medicated assisted treatments for opioid use disorders, and the dangers associated with use.

Emerging Drugs of Abuse and Current Drug Trends (3 Clock Hours)

December 2, 2026 - Live, Interactive Webinar using the Zoom platform

https://clinicalsupervisor.net

ABOUT THE PRESENTER: **Glenn Duncan LPC, LCADC, CCS, ACS** has been working in the behavioral healthcare field for thirty four years. He has lectured nationally on many topics including clinical supervision. He is a Licensed Professional Counselor, a Licensed Clinical Alcohol/Drug Counselor, a Certified Clinical Supervisor, and an Approved Clinical Supervisor. For 15 years, Glenn served as the Executive Director of Hunterdon Drug Awareness Program, Inc. As Executive Director, Glenn continued to hold a clinical caseload and perform clinical services in addition to his other administrative duties. Glenn specializes in working with clients who have co-occurring substance use disorders, depressive disorders, and anxiety disorders. Glenn served as an expert panel member for a SAMHSA TIPS book on treating sub-acute anxiety in the substance using population.

Glenn is a national expert on emerging drugs of abuse and emerging trends with existing drugs. He has consulted both locally in New Jersey and nationally with authorities on both the State and Federal levels. His presentations on emerging drugs of abuse have been used by officials in Illinois, Delaware, New Hampshire, and has been used by DEA officials for training purposes. Glenn presented on emerging drugs of abuse at the National Conference on Addiction Disorders in Orlando, Florida, the Governor's Council on Alcohol and Drug Abuse in New Jersey, Rutgers University as well as privately with his own organization. Glenn's NJ LPC License #: 37PC00095000.

The Live Workshop Schedule:

8:30 am– Zoom meetings opens for participants to enter
9:00 a.m. - Workshop Begins / 10:40 a.m. 15 min. Break
12 p.m. - Workshop Ends/Discussion of certificates

TARGET AUDIENCE

Substance Use Counselors	Clinical Directors
Professional Counselors	Social Workers
DMHAS Licensed Facilities	Case Managers

This will be a live, interactive webinar using the Zoom platform. We will have interaction utilizing real-time questions and answers, Zoom polling questions, and breakout room small group exercises. We will determine conference attendance through Zoom logs, ensuring participants were attending during the entire conference. Your fillable PDF workshop evaluation will be emailed to you prior to the conference. Please fill out this evaluation and email it back to us at the same email address that sent you the evaluation. PDF Certificates of completion will be emailed to workshop attendees within 48 hours upon the return of the workshop evaluation and verification of attendance via Zoom logs.

The goal of this interactive workshop will discuss the latest developments and information regarding synthetic cannabinoids, opioids, stimulants, benzodiazepines, and drugs that don't fall so neatly into classifications such as Kratom. Other emerging drugs that have been showing up recently along with emerging adulterant information (e.g., xylazine). Workshop participants will be introduced to the physiology of these drugs and how they can possibly impact, mimic and exacerbate mental health disorders such as anxiety and depressive disorders. Epidemiologic trends in drug abuse in both youth and adults will be discussed as will the latest trends both on the national and local levels.
